# OUR MIGHTY GROOVE

Immerse yourself and be transformed on the dancefloor!

Our Mighty Groove is an unforgettable experience where you are both the audience and club-goer. Inspired by a transformative visit to a New York nightclub, using Vicki Igbokwe-Ozoagu's signature blend of club styles – house, waacking and vogue – fused with African and contemporary dance, be prepared to get your groove on in this remixed take on an Uchenna classic.

Join us on the Club Groove dancefloor where anything can happen. This production is open to many possibilities! Watch as our cast of professional dancers take on nightclub characters and find community, connection and their true selves through dance. With the support of a local cast to the venue, an immersive section can offer the chance for the audience to become part of the action and find their groove on the dance floor.

The night doesn't have to end there! Uchenna can also open up the Club Groove after party after the show. Get in touch to find out how Our Mighty Groove can fit your venue or event.

# ABOUT UCHENNA

## EMPOWERING, ENTERTAINING AND EDUCATING THROUGH DANCE

Uchenna was founded by Vicki Igbokwe-Ozoagu in 2009. Today the company is led by Igbokwe-Ozoagu as Creative Director & Joint CEO and Grace Okereke as Executive Producer & Joint CEO. Since its inception in 2009, Uchenna has grown from an informal explorative company to a tour de force within the dance sector.

The company's overarching aim is to empower, entertain and educate through dance in a diverse programme that includes the creation of dance theatre production experiences, coaching, dance-based empowerment workshops and teaching in schools and institutions.

The Uchenna dance style fuses Waacking, Vogue and House with traditional African and Contemporary, creating a signatory aesthetic that simply is, UCHENNA.

Founded on Uchenna's mission to empower, entertain and educate, and based on Igbokwe-Ozoagu's and Okereke's many years of experience in the industry, teaching, and talent development, Uchenna's brand new dance and leadership programme will focus on professional dance training through the lens of Uchenna, alongside developing leadership skills that support young people to thrive as an artist.
